

For Immediate Release
May 19, 2006

Niche Technology Inc. - the world's leading supplier of Operational Police Information Systems (Niche RMS) to 1000-plus sworn officer agencies - is a leading sponsor and participant at this year's Law Enforcement Information Management (LEIM) Conference, June 5-9 in Grapevine, Texas.

A conference highlight will be a presentation on a network using Niche RMS to bring together 44 police agencies totaling 10,000 personnel to share across-the-board incident information - from "report to court".

LEIM features over 500 IT professionals in the law enforcement field, providing a forum for law enforcement executives and information management specialists to exchange key information on law enforcement and information management technology initiatives and trends.

Niche Technology Inc. supplies the most comprehensive operational policing application in the world, and is powering many of the most advanced Records Management implementations worldwide. Niche technology users conduct highly advanced Intelligence Led Policing (ILP) that features seamless data sharing across entire states.

Several Niche customers will attend the conference to talk about the benefits of using this advanced Records Management System including: Statewide Data Sharing Success Story with System Demonstration.

The Ontario Police Technology & Information Cooperative (OPTIC) is comprised of 44 agencies and totals 10,000 police personnel. OPTIC members share complete incident information via a multi-jurisdictional Records Management System on a central secure database. Senior members of the OPTIC agency will talk about their successful implementation of the Niche system, as well as the challenges they faced, and overcame, in establishing governance and re-engineering their business practices. Lessons learned will be presented. Presenters: Don Roskamp, Executive Director (ret.), Ontario Police Technology and Information Cooperative; Gary Witherell, Chief Superintendent and Director (ret.), Government Mobile Communications Project, Ontario Provincial Police

Other customers will be available in the Niche booth and hospitality suite to discuss specific implementations and conduct product demonstrations. If you would like more information, or to arrange discussions with individual Niche customers, please contact: Matt Mitchell - Niche Technology Inc. - 541.317.5188

ABOUT NICHE TECHNOLOGY AND NICHE RMS

Niche Technology is a privately owned company incorporated in Canada and the UK, specializing in law enforcement software. Niche Records Management System (Niche RMS) is used by more than 75,000 sworn officers worldwide, and current implementation projects will see that number rise to over 100,000. The system is being used to create efficiencies and improve performance across a range of operational policing functions. Niche RMS is currently used by over 50% of Canadian police officers; 27% of UK police officers in 12 forces; 20% of Australia's police officers; and is now in production use in the US. Eight of the 25 largest police services in the English-speaking world have selected Niche RMS as their core operational police system. For more information, go to www.nicherms.com.
