PRESS RELEASE

FOR IMMEDIATE RELEASE

JANUARY 28, 2016

Niche Technology is Proud to be a Five-Star Sponsor of the Major Cities Chiefs Association 2016 Winter Meeting

SAN ANTONIO, TX -- Niche Technology Inc. provides a police Records Management System (RMS) designed specifically for large police agencies and multi-agency police consortiums, and is proud to be a Five-Star Sponsor of the Major Cities Chiefs Association (MCCA) 2016 Winter Meeting.

Our flagship product, NicheRMS, is a proven, cost-effective, Commercial Off-The-Shelf (COTS) software package that can manage all of a police organization's operational information in a single integrated system. NicheRMS has been successfully deployed in more than 100 police agencies worldwide, including 10 of the 30 largest police agencies in the English-speaking world.

"We are thrilled to be sponsoring the MCCA Winter Meeting," said Craig Hannah, Vice President of Sales and Marketing at Niche Technology. "Niche Technology is proud to help the MCCA in their mission to influence national public policy on law enforcement matters, encourage and sponsor research, and enhance the development of current and future leaders."

NicheRMS provides end-to-end police records management, from field reporting and management of investigations through to arrest, booking, charging and prosecution. The system's single, integrated database also manages all details of master index persons, addresses, vehicles, objects and events. All information is available within NicheRMS, eliminating the need to maintain duplicate information in multiple systems.

NicheRMS provides a range of options for user access, including both mobile and desktop apps. Officers and administrative personnel can use the device and app that best suits their needs – anytime, anywhere, any device access to vital police information.

The Major Cities Chiefs (MCC) is a professional association of Chiefs and Sheriffs representing the largest cities in the United States and Canada. MCC membership is comprised of Chiefs and Sheriffs of the seventy largest law enforcement agencies in the United States and Canada. The Winter Meeting will be held from February 3rd – February 5th in San Antonio, Texas.

About Niche Technology and NicheRMS

Established in 1992, Niche Technology serves 110,800 sworn officers worldwide through the Niche Records Management System (NicheRMS). The company's sole focus is the development, implementation, support and enhancement of law enforcement software. Niche Technology supports the specific requirements of policing to help ensure our system meets critical policing needs, especially in large police agencies. NicheRMS is used in more than 100 agencies, including 10 of the 30 largest police agencies in the English-speaking world.
